VIVANCO

//PACKAGING CONCEPT

Confused customers need more support or face making poor purchasing decisions which are costly to put right.

Vivanco's simple approach to packaging aids buying confidence and keeps sales in-store rather than online.

The emphasis is on customer-centric design which is as clear as it is attractive. To put it simply, we make the most relevant information the most prominent.

Plus, we're 100% plastic free and completely recyclable.
